FOR IMMEDIATE RELEASE

Above All Advertising Inc. Leads Signage Industry in Eco-Friendly Movement with Release of Bamboo Banner Stands

Advertising Solutions Company Says Bamboo Stands are Just the First Step in Eco-Conscious Signage Solutions

SAN DIEGO – Above All Advertising Inc., international provider of large format digital print, inflatables and advertising signage solutions, has just announced its new line of retractable and non-retractable eco-friendly bamboo banner stands fostering conservation through the use of rapid renewable, organic materials. Designed to add an eco-friendly, high-end and cost-effective alternative to traditional aluminum stands, Above All Advertising Inc.'s bamboo stands are ideal for indoor use in retail stores, salons and spas, customer service centers, airports, hotels, shows and more.

“At Above All Advertising Inc., we’re committed to offering our customers high-end signage solutions made from the highest quality materials,” said G. Aires, CEO, Above All Advertising Inc. “For this reason, we’re constantly exploring new eco-conscious solutions that give our customers appealing displays without sacrificing their concerns about the environment. In an industry where eco-friendly solutions can often be difficult to find, the bamboo banner stands are just the first step in our commitment to creating more environmentally friendly solutions.”

An eco-friendly banner solution, the non-retractable bamboo stand can be used to support banners printed on most substrates, including canvas, fabric and eco-friendly vinyl. The retractable banner stand is available for banners 32.5 inches wide by 78 inches tall. The non-retractable banner stand can be customized for a variety of banner sizes. For more information on Above All Advertising Inc.'s eco-friendly banner stands, call (858) 549-2226 or visit www.abovealladvertising.net.

About Above All Advertising, Inc.
